

Homecare Solutions

# SUPPORTED HARDWARE THAT'S READY TO GO. JUST LIKE YOU HAVE TO BE.

AT E & S SOLUTIONS WE APPRECIATE  
THAT, IN THE CARE HOME SECTORS, TIME  
CAN BE OF THE ESSENCE.

So, when lives can depend on it, you simply can't afford to wait around for your mobile care system to be up and running.

That's why we specialise in supplying hardware that's fully set up and ready to go the very moment it's switched on.

# WE DO IT ALL SO YOU DON'T HAVE TO

We're also acutely conscious of the need for your staff to carry on doing what they do best: looking after those in their care.

Not to mention the risks involved in taking up their valuable time and resource to set up mobile phones or tablets.

With E & S Solutions, we do everything for you, from setting up the devices with user names and passwords to adding any necessary software and even supplying professionally fitted extra screen protectors and cases.

Then, should anything go wrong with the device we will swap it out, for the same device or better on a next working day delivery, if the cases or screen protectors break or get damaged over time, we'll then replace free of charge for the lifetime of the contract.

Because, for us here at E & S Solutions, the service lasts as long as the contract not as long as it takes the ink on the contract to dry.

## A PARTNERSHIP BUILT ON CARE AND TRUST

Our background at E & S Solutions is the mobile telecoms sector. And E & S Solutions is the result of a strong and trusted partnership with Health care sector, providing a system and capabilities that help us deliver an outstanding service to our customers.

In an industry sector where every day more demands are being made for less investment, the investment made in new technology can often take a back seat. We understand this more than anyone. Which is why, even though we can source virtually any handset, we have scoured the market to identify two models that almost seem specifically designed for your industry while providing exceptional value for money.

# REASSURANCE, CONVENIENCE & VERSATILITY COMBINED

Introducing the Samsung J3 and its bigger  
conterpart the Samsung Tab a 10.1.

MOBILE SUPPORT  
DELIVERED WITH CARE.
